BREEDING DATES

A complete list of breeding dates and other vital information will be provided sale day. Announcements made from the auction block supersede all other material, either written or oral.

GUARANTEE

All cattle in this sale are sold under the Standard Guarantee endorsed by the American Shorthorn Ass'n. A condition of that guarantee is that notice of failure to breed must reach the seller within six months of the sale. Shipment will be made as soon as possible after the sale, but all stock is at the buyer's risk as soon as bid off. Every precaution will be taken to see that animals arrive in sound condition, but we strongly recommend that you insure your purchases. Insurance will be available from the clerks.

TERMS

The terms of the sale are cash. Settlements are to be made with the clerks at the conclusion of the auction and before any purchases are removed.

HEALTH

All cattle sold will comply with the Kansas health regulations and health certificates will be provided with each lot sold. Official calf-hood vaccination for brucellosis is practiced. All cattle have either been vaccinated or will have passed a brucellosis test within 30 days of the sale.

LIABILITY

The above guarantee and terms shall constitute a contract between the seller and buyer of each lot. Those working on the sale have been employed by the sellers for specific promotional and clerical tasks not connected with the condition of the premises and accept no liability for the contract or for any accident that may occur. Where footnotes appear in this catalog, they were furnished by the owners. The owners will not be responsible for any accidents but they will make every effort to provide for the safety and comfort of those attending.

TRANSPORTATION

Since Kansas City is only 75 miles from Wakona Farm, we will be happy to meet all who advise us in advance of their arrival at Kansas City. There are also a number of air shuttle flights from Kansas City to Topeka. Those driving can take the toll roads from Wichita and Kansas City. Use the South Topeka exit and then follow the map on page 4 to the farm. Topeka is serviced by Frontier Airlines.

SALE HEADQUARTERS

There are a number of fine motels in South Topeka. We have reserved a block of rooms at the Howard Johnson Motel, 3839 South Topeka Boulevard (U.S. 75). We also recommend Holiday Inn South, Ramada Inn, and Meadow Acres Motel. We will be happy to make reservations for you or you can write directly to any of these motels indicating that you are attending the sale. Transportation will be available to the farm.

SOCIAL HOUR

From 5:30, Friday, November 19, we invite you to be our guests at a social hour and buffet dinner at Windswept.

LUNCH

Will be available on sale day.

JIM TOMSON

BETTY AND CLINT TOMSON

WELCOME TO WAKONA!

The present generation of Tomson Brothers welcomes you to their 1971 Tomson Tradition Sale on Saturday, November 20. We will divide with you Shorthorns and Polled Shorthorns right out of the heart of our breeding herd of over three hundred animals.

Since the inception of Tomson Shorthorns in 1886, there has been one consistent goal in providing seed stock for our customers all over the United States, but primarily in the middlewest. This is to produce the type of beef animals that will reward their owners with the greatest possible returns **per acre** of naturally-produced feed, whether it be grass, hay, ensilage, or grain, with bred-in characteristics that achieve these goals with a minimum of labor and care.

Kansas provides a natural environment which helped to strengthen these characteristics with home-grown nutrition and rigorous seasons which both demand and strengthen constitutions. Essentially, we feel that we have successfully produced Shorthorns, and more recently Polled Shorthorns, that will largely forage for themselves, producing sufficient milk to raise calves with profitable weaning weights, and still retain those marked growth characteristics of fast, efficient, and, therefore, profitable gains beyond that point.

We have always bred animals that will finish (fatten) easily on grasses and roughages predominantly, with a minimum need for concentrated grains and purchased proteins.

Our second goal has been one that was initiated by our grandfather, T. K. Tomson, and his sons, our father James G. Tomson, and his brothers John and Frank, that of standing behind every animal we sell.

Credit should be given to my brother, Jim, Jr., who has actively managed our program for the past several years, and his sons, Tom and John, to honor this particular tradition.

We are proud to have produced many cattle that have become international winners for others, as well as for ourselves. Our greatest source of satisfaction has resulted from the consistent tradition of customer satisfaction with the thousands of cattle they have purchased from us during the past eighty-five years.

Speaking personally, nearly everything fruitful in my life has resulted from my close association with Shorthorns and Polled Shorthorns. The enjoyable years as a member of The Shorthorn World staff, as secretary of the American Shorthorn Association, the pleasurable assignments of judging in foreign lands, and presently in helping to manage the affairs of Harding & Harding and the American Live Stock Insurance Company have all resulted from cherished contacts with wonderful people who have bred Shorthorn cattle.

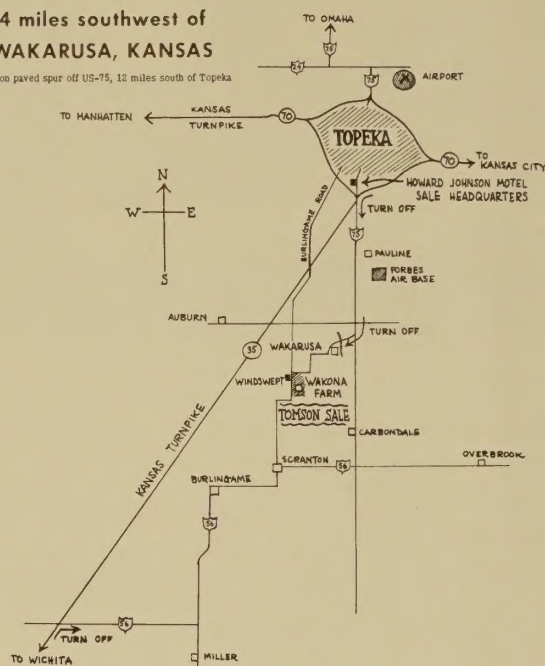

We urge you to come early to the farm and join us for an evening at our new home, Windswept, on Friday, November 19. If we can make hotel reservations or arrange to meet you at airports, we will consider it a privilege.

Please join us on November 19 and 20.

FREE DELIVERY

Tomson Bros. agree to deliver all purchases free of charge in the United States at their convenience. Be sure to leave shipping instructions with the sale clerk along with your phone number.

Tomson Junior Incentive Program

Wakona is pleased to announce the establishment of its Junior Incentive Program designed to encourage Shorthorn breeders under the age of 21 to add top-quality stock to their herds.

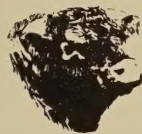

Here's how it works:

1. All junior members of the American Shorthorn Ass'n will automatically receive a 10% discount on any purchases made in Tomson sales. For example, if the price bid is \$500, the junior member pays only \$450. In addition, the Tomsons will deliver all Junior Incentive purchases without charge.

2. Register by mail or in person prior to the sale by reporting the number of your junior membership certificate or completing an application for membership and paying the one-time \$5 fee.

3. Announce at the time of purchase that this is a Tomson Junior Incentive Program purchase.

4. Agree at the time of registering that purchases are primarily for the use of the junior member in whose name the purchase is made. The offer applies to either bulls or females.

The Tomson name has long been synonymous with fair dealing and quality Shorthorns.

Coupled with this reputation has been the realization by customers throughout the entire country that Tomson Shorthorns were not just a "fad of the times" but rather a quality product that just did not go out of style.

With the modern day trend toward size in the beef cattle world, many breeders hastily purchased the biggest bull in sight.

In typical Tomson fashion this problem was approached differently. Realizing that muscling and trimness is paramount in the beef cattle business any new sire added to the herd had to excel in these characteristics. When bulls with these traits, together with size, were found, they were purchased. The results are obvious. And because the Tomsons value their customers so highly, this kind of thorough beef husbandry will continue.

Truly a tradition of trust in the highest sense of the word.

Take the Lead with the Fast Changing Breed - Shorthorns / Polled Shorthorns

WSU CORNERSTONE 704 x—This bull was an Inland Empire champion and top seller in 1969. He represents new "out-cross" breeding for the polled industry. A half brother was the 1969 International supreme champion. Cornerstone weighs over a ton and is modern in every way. His first calves to be exhibited won the get classes at both the 1971 Colorado and Wyoming state fairs for John F. Shuman & Sons—indicative that here is a sire that is living up to his advanced billing as one of the breed's top improvers.

ROTHNEY ACHIEVER x—Purchased in the 1970 Rothney Sale as a yearling. He has seen heavy duty at Wakona, but despite this he is developing into a big, stretchy, sound bull. Thirty-six cows selling carry his service and a dozen of his calves sell at the side of their dams. He is by Boa Kae Royal Oak 2nd x, sire of the 1970 Canadian International champion and top seller, and out of a Sangamon Gay Lad x daughter. We predict BIG RESULTS with this bull.

SUTHERLAND PROSPECTOR x—To mention the winnings of this 1960 International supreme champion and his progeny would take volumes. Both his sons and daughters have been champions at numerous state fairs this past season for Ben Studer, Wesley, Iowa. Judges agree that the Prospectors are the right kind. Seven sons and four daughters sell in this sale.

DANDALOO ROYAL DUKE x

DANDALOO ROYAL DUKE (P)—Three cows sell bred to this Australian Shorthorn "Sire Of The Year." His progeny, in competition with 14 beef and dairy breeds, earned him first ranking in 1968; second in 1970 and third in 1969. He weighed 2,600 lbs. in his prime and has proven to be a 100 per cent dehorn-er. Three cows will sell carrying his service. WHAT A GREAT OPPORTUNITY!

James G. Tomson, Sr., the late father of Jim and Clint Tomson, who guided the Tomson operation for three quarters of a century and was instrumental in setting a pattern of excellence and fair dealing that is the Tomson Tradition.

WAKONIAN CORNERSTONE 10th x—A real prospect. Out of our Secret Maid family which have been consistently top producers of bulls.

EXPLANATION OF PEDIGREE TREATMENT

There are two major departures from the "norm" in the pedigree content of this catalog.

First, as you noticed in the bull division of this catalog, we have used the pictures of our latest sires, in place of their names in the pedigree. These pictures also appear in footnotes where their service is featured to emphasize the rich use of modern-day sires.

Secondly, where cow-calf pairs are featured, the pedigree of the calf is being used. The dam, which also sells, is featured in bigger type. The lot number on pairs appears at the side of the pedigree, rather than at the top.

We have not attempted to do this with all good pairs but those where calves are sired by WSU Cornerstone 704 x, Rothney Achiever x, Sutherland Prospector x and Scotsdale Beaconsfield.

Here is a typical example of the quality selling in the female division of this Tradition Sale... females of quality and from the families that have made Wakona an outstanding source for seed stock since 1886. Note the good calf... a product of the Tomsons' "Big Sires" program.

Two more of the great cows selling in this sale.

WAKONA LAVENDER—Sells with a red bull calf born April 13 by Wakonian Jumbo. Sells mated to WSU Cornerstone 704 x on July 17.

LOUADA JAVELIN

No Wakona catalog would be complete without mentioning the influence of this excellent sire. This was the Tomsons' pick of the first sons of Perth supreme champion Glamis Benefactor. Javelin was a BEEF BULL in every sense of the word and has passed on his easy fleshing qualities, character and quality to his progeny. His sons have been popular with commercial buyers where pounds of weaning weight have always superceded type fads. Sixteen daughters are being offered.

VILLAGE CLARA 37th—Sells with a red heifer calf at foot, born June 20, by Wakonian Jumbo.

STANDARD GUARANTEE

1. A - Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

B - All bulls are guaranteed breeders provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

C - With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age, shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to seller.

D - When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

E - In the event an animal is returned by the buyer to the seller as a non-breeder the buyer must furnish to the seller a veterinarian's certificate showing that his herd is healthy as such a certificate is required by the seller.

F - All animals catalogued have been tested for T.B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.

G - Certificates of registry and transfer will be furnished with each animal sold. A signed application for unborn calves should be furnished with bred females showing names and record numbers of sire and dam, as well as service date.

H - All prospective buyers should check health requirements of their states. Health certificates will be provided with each lot sold.

2. SHIPPING ARRANGEMENTS: Cattle will be at buyer's risk as soon as bid off, but every precaution will be taken to see that animals are cared for properly.

BE SURE TO LEAVE DEFINITE SHIPPING INSTRUCTIONS, PHONE NUMBER AND CORRECT TRANSFER INFORMATION WITH THE SALES CLERK.

3. INSURANCE: Coverage may be secured at the time of sale.
